Synopsis This is the state-of-the-art, international handbook for a field of inquiry that is still emergent and yet occupies a central position in contemporary management and organization theory.

### **The Blackwell Handbook of Organizational Learning and ...**

The theory of organizational learning focuses on the creation of knowledge and the use of that knowledge within an organization. Key aspects of organizational learning theory are that learning happens when people interact while finding and solving problems.

### **What Is Organizational Learning and Why it's Important?**

Oxford Handbook of the Learning Organization - Oxford Handbooks. The concept of the "learning organization" is one of the most popular management ideas of the last few decades. Since it was conceived as an idea in its own right, it has been given various definitions and meanings, such that we are still faced with the question as to whether any unified understanding of what the learning organization really is can be established.
