There are tons of genres and formats (ePUB, PDF, etc.) to choose from accompanied with reader reviews and ratings.

Learning Core Data For Ios

I wasn't looking so much for Core Data and iOS, but rather Core Data with Mac OS X. Despite the book being centered on iOS, I was not disappointed by it as a very large portion of the book can be directly applied to OS X applications. The coverage of Core Data Migration and Core Data and the iCloud is extremely good.
