Transfer Pricing Country Profiles - OECD

This report is significant because it is the first time the OECD Transfer Pricing Guidelines includes guidance on the transfer pricing aspects of financial transactions, which will contribute to consistency in the interpretation of the arm’s length principle and help avoid transfer pricing disputes and double taxation.

Transfer Pricing Guidance on Financial ... - OECD.org - OECD

These Guidelines also draw upon the discussion undertaken by the OECD on the proposed transfer pricing regulations in the United States [see the OECD Report Tax Aspects of Transfer Pricing within Multinational Enterprises: The United States Proposed Regulations (1993)]. However, the context in which that Report was written was very different from that in which these Guidelines have been undertaken, its scope was far more limited, and it specifically addressed the United States proposed ...

OECD Transfer Pricing Guidelines

Transfer pricing can help manage the earnings and operations of subentities, but the ideal methods used to guide transfer pricing are much different in this type of situation—and this new economic challenge only adds to the complexity that CFOs are already facing in terms of OECD guidelines and increased governmental oversight.

5 Things CFOs of Multinational Companies Need to Know ...

The OECD Transfer Pricing Guidelines for Multinational Enterprise and Tax Administrations provide guidance on the application of the “arm’s length principle”, which is the international consensus on transfer pricing, i.e. on the valuation for tax purposes of cross-border transactions between associated enterprises. In a global economy where multinational enterprises (MNEs) play a prominent role, transfer pricing continues to be high on the agenda of tax administrations and taxpayers alike.
