When I was tasked with creating a presentation to share with my co-workers at our weekly tech talk, I chose to use LaTeX. While I briefly considered other tools, like Google Slides or PowerPoint, using LaTeX allowed me to easily separate the styling from my content and create my own theme that I could reuse for all future presentations at Lucid.

How to Make a Presentation in LaTeX - Lucidchart

When people describe those from another culture using words like inflexible, chaotic, late, rigid, disorganised, inadaptible, it's quite likely the scheduling dimension is the issue.

How late is late? - The Conversation

File Type PDF Original Article Late Presentation Of Breast Cancer A Dilemma

Late presentation is an essential indicator used to assess the effectiveness of prevention programmes and testing campaigns. This study aimed to determine how measurements of late presentation change when the clinical stage at the time of diagnosis is taken into account in order to elucidate how to more accurately interpret early CD4 cell counts and estimate the proportion of delayed diagnoses.
