mediocre.

Starry Messenger: Galileo Galilei: Peter Sis ...

When, in March 1610, he published his discovery of the lunar surface and the moons of Jupiter in a Latin treatise entitled *Sidereus Nuncius*, or "The Starry Messenger," he went so far as to dedicate the work to Cosimo, and even named the newly discovered moons the "Medicean Stars," after the Medici family.

Galileo Galilei: The Starry Messenger | SparkNotes

Very poetic with beautiful quotes and pictures to look at, *Starry Messenger* touches on Galileo's highs of his scientific mind, career and discovery as well as his dark demise under the persecution of the church for his thinking. From an adult perspective, this book is rather a work of art than a bio of this brilliant man.
