As a middle school teacher I decided to do a workshop on teaching cursive. There is big demand at my school because so many students never had any cursive instruction in elementary nor could they read a lot of cursive writing. This is the book to teach from. I had much success with my students, even though I had to combine units.

Cursive actually activates regions of the brain involved in working memory. We teach cursive writing not because we love cursive but because we want our kiddos to love learning—and the ability to quick and legibly write is a good way to get there. We teach cursive not as an end in and of itself, but as a tool.
